DEFEAT OF MORALES WAS COMPLETE

So Say Forces of the Fugitive President.

FIVE GENERALS WERE KILLED

Former Governor Gulletti Will Fight in Own Behalf and Will Attack Santiago—Dispatches State that Revolution is at an End.

Cape Haytien, Hayti, Jan. 6.—Further advices received here from the scene of the hostilities between the troops of the temporary profts at San to Domingo, General Caceres and the forces of the fugitive president, Morales, say that the defeat of the latter before Puerto Plata Jan. 3, when General Demetrio Rodriguez, the Morales commander, lost his life, was complete. About 150 men were killed or wounded. The remainder of Morales' followers embarked on the gunboat in dependencia, off Puerto Plata after which the vessel sailed for Monte Christi.

Gulletti, the former governor of Monte Christi, with his troops, had declared himself in favor of Morales or being informed of the death of General Rodriguez, has decided to fight in his own behalf and is preparing to attack Santiago, south of Puerto Plata.

General Jimenez, the former president of Santo Domingo, has left Puerto Plata for Monte Christi and it is understood will, with the assistance of Morales, compete for the presidency of the republic against the other candidates for that office.

According to the reports brought here by messengers, a large part of the population of northern Santo Domingo is in favor of General Jimenez.

Generals Killed in Battle.

New York, Jan. 6.—Five generals were killed in the fighting at Puerto Plata, according to a dispatch to the Herald. General Morales lost seven men killed and wounded, the dead including General Licoand Peres. Among Caceres' troops Generals Pedro Vazquez and Antonio Calderon were killed.

Country Becoming Quiet.

Washington, Jan. 6.—Cable advices received today at the state department from Santo Domingo announces that the revolution is practically at an end; the troops are dispersing to their homes and the country is again becoming quiet.

To Impeach Morales.

San Domingo, Jan. 6.—A proclamation has been issued announcing the calling of congress to impeach President Morales.

Grading Will Begin Soon.

Eufaula, Ala., Jan. 6.—It is reported by those who are in position to know that the grading of the Birmingham, Columbus and St. Andrews Bay railroad will soon begin on the section between Eufaula and Columbus. This road has already graded several miles below Chipley, Fla., and a large force is now laying the track. All financial arrangements have been made for the building of this road, and it is expected to have trains running into Eufaula by fall.

Wish to See Jury Drawn.

Savannah, Ga., Jan. 6.—Messrs. Greene and Gaynor who are to be tried in the United States court this month for conspiracy, have made a written application to Judge Emory Speer for permission to be present when the names of those from whom the jury will be selected are drawn. When they were indicted the names of all Savannahians were taken from the grand jury list. Judge Speer has not yet acted on the request.

Interest Is Aroused.

London, Jan. 6.—The announcement that the second squadron of the north Atlantic fleet in command of Rear Admiral Charles D. Sigbee will be a Gibraltar, which is near Algiers at about the time when the Moroccan conference will assemble, has aroused interest here in diplomatic circles.

ENTRAPPED IN SHAFT.

Several Men Lose Lives by Explosion in a Mine.

Bluefield, W. Va., Jan. 6.—Twenty-one miners were killed in an explosion of mine gas in the shaft of the Cooper Mine company, at Coaldale, W. Va., at noon Thursday.

Immediately following the explosion, which was heard for several miles, rescue parties set to work to explore the wrecked shaft.

Coaldale is a mining town situated on the Norfolk and Western railway and is 15 miles west of Bluefield. It is in Mercer county, and wire facilities are inadequate. Some idea can be formed as to the force of the explosion, when several hours after the explosion, one of the miners, who could not be identified on account of being so badly mutilated, was found a distance of several hundred feet from the mine mouth, having been blown there, together with a mining car, by the explosion.

News of the explosion soon spread through the coal fields, and a great party of miners from the numerous operations gathered to assist in the rescue.

Eleven victims of the Coaldale mine disaster were removed from the mines at 3 o'clock Friday morning. Other bodies have been located.

RELIEF IS EXTENDED VICTIMS.

Albany Is Caring for Those Who Are Sufferers from Tornado.

Albany, Ga., Jan. 6.—Relief for the families rendered homeless and more or less destitute by the tornado has been extended by the city authorities. A committee has been empowered to investigate all cases of destitution and food, clothing and money are being placed at the disposal of the storm's victims.

Investigation shows that the damage was even more extensive than reported. Scores of houses not blown down were moved on their foundations and many are so badly out of alignment that they are not considered safe.

Already the work of clearing away the debris, preparatory to rebuilding, is in progress. The wrecked buildings of the Virginia-Carolina Chemical company will be replaced with the least possible delay. Much of the valuable machinery, including the ovens, is ruined, but the mixing plant remains intact.

The width of the tornado did not vary. Its track for a mile or more is 75 yards wide, and beyond its path the damage was slight.

Casualties of Macedonia Fight.

Salonica, Russia, Jan. 6.—A return issued by the Turkish authorities show that 1,022 casualties resulted from the fighting at Macedonia between Turkish troops and Bulgarian Green and Serbian revolutionary bands during 1905. Altogether, 119 encounters took place in the vilayet around Salonica, Monastir and Uskub in which the insurgents lost 527 men killed and 29 wounded. In addition, the troops captured 225 prisoners. The troops lost 122 killed and 115 wounded. A comparison of the number of men killed with the number wounded shows that no quarter was given.

\$18,000 Stolen from Express Pouch.

Washington, Jan. 6.—It has developed that about \$18,000 was taken from an express pouch between Augusta, Ga., and New York. The Southern Express company received the package at Augusta, from there it went to Columbia, S. C., and it arrived in Washington early Sunday morning. The Adams Express company then sent it to New York, and there the loss was discovered. Officials of the express companies are making an investigation, but nothing has been found so far to indicate who took the money.

Dewey Dry Dock Coals.

Hamilton, Bermuda, Jan. 6.—United States tug Potomac, one of the convoys of the floating dry dock Dewey, which left Annapolis, Md., on Dec. 28 for the Philippines, arrived here today for coal and provisions. The Potomac reports she left the Dewey, which was then in charge of the Caesar Brutus, about 100 miles off Bermuda. The Dewey will pass here tomorrow.

THEY WOULD KILL HOPELESSLY DISEASED

Would Shorten And Not Prolong Lives of Such.

ALSO VICTIMS OF ACCIDENTS

Dr. Norton, of Cambridge, States that Prolongation of Life in Such Cases by Whatever Means, Is Mere Criminal Cruelty.

Philadelphia, Jan. 6.—Dr. Charles Eliot Norton, of Cambridge, has joined forces with Miss Anne S. Hall, of Cincinnati, and with Mrs. Maud B. Lington Booth, in their campaign for the killing of the hopelessly insane, hopelessly diseased and victims of accidents.

His views are expressed in a letter written to Miss Hall, and made public here today.

Dr. Norton was formerly professor of literature at Harvard. He was a friend of Longfellow and Lowell, and with them made the famous translation of the "Divine Comedy." He heads his letter, "An Appeal to Reason as Well as Compassion," addresses Miss Hall and writes:

"The principle that it is a duty to prolong every human life as long as possible at whatever cost, has hitherto been generally accepted.

"Its main support has been the doctrine of the sacredness of human life.

"The doctrine and the practice have both been pressed too far. There is no ground to hold every human life as inviolably sacred, and to be preserved no matter what results to the individual or others. On the contrary there are cases to which every reasonable consideration urges that the end should be put. Setting aside all doubtful cases, no right-thinking man would hesitate to give a dose of laudanum, sufficient to end suffering and life together to the victims of an accident from the torturing effects of which recovery is impossible, however, many hours of misery might be added to conscious life by stimulants or surgical operations.

"Nor should a reasonable man hesitate to hasten death in case of a mortal disease such, for example, as a cancer, when it has reached the stage of incessant, severe pain, and when the patient desires to die.

"The prolongation of life in such cases by whatever means is mere criminal cruelty.

"Or, take another instance, that of an old person whose mind has become a chaos of wild imagination, productive of constant distress, not only to the sufferer, but to all who live with a attendant him. The plain duty in such cases is not to prolong but to shorten life.

"It is not to be hoped that a superstition so deeply rooted in tradition as that of duty of prolonging life at any cost will gradually yield to arguments of reason or the pleadings of compassion, but the discussion of the subject in all its aspects may lead gradually to a more public opinion and the consequent relief of much misery."

Receivership Petition Deferred.

Boston, Jan. 6.—Action on the receivership petition brought by the Savings bank examiners against the Provident Securities and Banking company of this city, which was filed yesterday, was deferred until Wednesday by Judge Braley, of the Massachusetts supreme court today. The case came up, but on representations of S. K. Hamilton, counsel for the bank, said that the right of the examiners to close the institution was doubtful, the case was permitted to go over. A temporary injunction restraining the company from doing business pending a hearing granted by the court yesterday remained in force.

Roosevelt Wedding Set for Feb. 17.

Washington, Jan. 6.—The president and Mrs. Roosevelt have announced that the wedding of Miss Alice Roosevelt, daughter of the president, to Representative Nicholas Longworth, of Cincinnati, will occur on Saturday, Feb. 17, at 12 o'clock noon in the east room of the White House.

WOMAN FOUGHT IN WHITE HOUSE

Wanted Her Husband Reinstated in Office.

Washington, Jan. 6.—A distressing scene was enacted at the White House executive offices in which Mrs. Minor Morris, aged 50 years, was carried screaming from the building because she refused to leave without a resort to force.

Mrs. Morris told Assistant Secretary Barnes that she wanted to see the president. She said that her husband had been discharged from the government service, and she wanted to demand from the president his reinstatement.

Mr. Barnes explained to her that the president had nothing to do with such subjects, and that she would better take up the matter with the head of the department from which her husband had been discharged.

Mr. Morris declared in a loud voice that she had come to the White House to see the president and proposed to see him, even if she had to camp out there for a month. The White House officers tried to get her to leave, but she defied any one to touch her.

Two of them lifted her up bodily and carried her screaming to a police call box, where a patrol wagon was summoned. She was taken to the house of detention.

Mrs. Morris was released from the house of detention shortly after and she returned to the New Willard hotel. She refused to see any callers, sending word she was indisposed.

STORM VISITS ALABAMA.

Two Boys Are Killed and School House Wrecked.

Troy, Ala., Jan. 6.—A tornado hit the school house of Josie beat and two boys were killed by falling timbers. The dead are:

A son of Albert Pittman, and Aaron Lee.

The school house was demolished without injury, although the wounds of the two boys are serious.

The neck of the Pittman boy was broken, while the head of Aaron Lee was crushed.

Ranah church was damaged by the tornado, the residence of Cato Green was wrecked and the postoffice and many outbuildings were damaged.

When the high wind struck the school building the sides of the structure gave way and the roof fell upon the occupants.

CAR OVERTURNS; MANY INJURED

Bad Shake Up Occurs on Tallulah Falls Railroad.

Clayton, Ga., Jan. 6.—Passenger train No. 9, southbound, on the Tallulah Falls railroad, was wrecked between this place and Rabun Gap.

Those injured are Captain Samuel R. Avery, conductor, shoulder dislocated; Frank Parks, broken teeth and bruises about the mouth; Joan Hayes, of Cornelia, the most seriously injured, was brought here in an unconscious condition.

Several others were slightly hurt while a number of passengers escaped injury.

The track slid off a deep fill, and three cars were completely overturned.

Williams Returns to Washington.

Washington, Jan. 6.—Representative John S. Williams, the minority leader in the house has returned to Washington from his home in Mississippi where he was called by the serious illness of his daughter, who is now much improved. In Mr. Williams' absence Rep. Champ Clark, of Missouri, took his place as floor leader for the Democrats and he is to be the chief speaker for the minority on the Philippine tariff bill, which is now being considered in the house. Mr. Williams had intended to make a general tariff speech while this bill is under consideration but said today he has had no time to prepare it and will not enter into a lengthy tariff discussion at this time.

Noted Convict Dead.

Boston, Jan. 6.—Mrs. Sarah Jane Robinson, one of the most noted female convicts in the country, is dead in the Middlesex county jail in East Cambridge. She was 68 years old and had been in solitary confinement more than 18 years.

OPEN REVOLT STILL CONTINUES IN RUSSIA

Although Government's Victory is Decisive.

FIRES OF REVOLT SMOTHERED

Fear Is Entertained that Government Encouraged by Success Will Fall into Error of Which Revolutionists Were Guilty.

St. Petersburg, Jan. 6.—The government's victory over the revolutionists has been quite decisive although open revolt continues in many places in the interior.

The military are employed mercilessly and gradually the movement is being stifled. These fires of revolt, however, are smothered, but are not extinguished, and the main fear is that the government encouraged by success, will fall into the very error of which the revolutionists were guilty, and attempt to press its advantage too far.

Already there are signs that the policy of repression may be carried to a point which is sure to again arouse the resentment and discontent of the classes which shrank from the violent program of "the Reds."

In St. Petersburg, for instance, the wholesale perquisitions of the police have been succeeded by a particular offense of a nature of a perfect police which gave the Dvorniks or house porters a free hand to search private lodgings for arms and suspicious persons for documents, or suspicious papers. This will arouse the cupidly of the house porters and restore the intolerable system of personal espionage which was in vogue at the time of the late minister of the interior Von Plehve. Thirty-five arrests were made last night. Among those taken into custody were four Moscow revolutionists, who came here to consult their comrades in this city. They were captured on their arrival at the railroad station after a desperate struggle with the police.

The program for the demonstrations of Jan. 22, the anniversary of "Red Sunday," includes services for martyrs at the Narva Gate, palace square and other places where the troops fired on the workmen and also at the cemetery of the transfiguration, where the majority of the victims were buried.

Garrotted for Terrible Crime.

Havana, Jan. 6.—Domingo Boucourt, an old negro, and Victor Molino, a mulatto, were garrotted at the prison here today. Both men were regarded as "witches" by their associates. Their crimes were the hideous murder of a white baby, Zola Diaz, for the purpose of procuring the heart of a white female child which the witches prescribed as a poultice for a certain woman as a cure for barrenness. The child's body was found smoked and salted weeks after the crime. The executions passed off without special incident. A dozen men and women are imprisoned in connection with the crime.

Fiske University Celebrates.

Nashville, Tenn., Jan. 6.—Fiske university celebrates its fortieth anniversary by three events. To night H. H. Proctor, D.D., of the class of 1891, speaks upon "Dear Old Fiske." Tomorrow night, Booker T. Washington, L.L.D., gives an address. Sunday morning A. F. Beard, D.D., secretary of the American Missionary association, an organization that has put over a million dollars into the school, will speak.

Earth Engulfed Many People.

New York, Jan. 6.—A cable dispatch to the Herald from Rome says that at Gesano, a town of 8,000 inhabitants in the province of Potenza, the earth opened suddenly, engulfing ten houses and shattering many others, which now threaten to fall. Many persons were buried in the ruins. Fourteen dead bodies have been recovered, and corps of engineers are at work on the ruins.

WILL BE LIVELY AT UNIVERSITY SITE

Representative of Hadlow Company is Now in Gainesville.

THE WORK TO BEGIN SOON

Within the Next Three Weeks Actual Labors Will Begin, and Large Force of Men Will be Employed to Push the Buildings to Completion.

From Friday's Daily Sun

Frank Richardson of Jacksonville, vice-president of the W. T. Hadlow Company, contractors, has arrived in the city.

The Hadlow Company was recently awarded the contract by the State Board of Control for the erection of the buildings for the University of Florida, and comes here to meet Prof. Cox of Lake City, engineer, with whom he will go over the situation carefully, select the site upon which the buildings are to be erected, and make other preliminary arrangements in which Prof. Cox is interested.

In speaking of the University grounds Wednesday, Mr. Richardson stated that he had visited the site, and that he deemed it an excellent one in every particular. "I am much impressed with the nature of the land," he remarked. "I notice that it is high and rolling, yet diversified, and if I am any judge of fertility no better place could have been selected in the State."

Mr. Richardson states that he will have personal supervision of the work in erecting the buildings. The work will begin within the next three weeks, and a large force of hands will be employed, since the contract provides that the building must be completed by September 1 of the present year. "I believe in giving the 'home folks' all we can," he said, "hence we will place orders for all material with the manufacturers and dealers of Gainesville."

The Hadlow Company are possibly the largest contractors in Florida. This firm erected the buildings at Lake City which were used by the Florida Agricultural College, and which are being occupied temporarily by the Florida University pending the completion of the work here, which will be ready for the opening of the fall term of the present year.

Prof. Cox Here.

Professor Cox, professor of engineering of the University of Florida, arrived in the city Thursday night for the purpose of conferring with Frank Richardson, of the W. T. Hadlow Company, contractors for the University buildings, in regard to plans, etc.

Prof. Cox has the plans all prepared, and will establish the location of the first two buildings this morning.

An engineer of the Seaboard Air Line is also expected in the city today for the purpose of arranging a spur into the University grounds, which will be used for the transportation of material.

Mr. Richardson expects to get down to work at once, and it is safe to say that ground for the new buildings will be broken within the next few days, when work will rapidly proceed.

The Original.

Foley & Company, Chicago, originated honey and tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. LOCHLOOSA NOTES.

Marriage of Mr. Lowry and Miss Abstein—Other Items.

Lochloosa, Jan. 4.—Christmas passed off very quietly at this place this year for the first time in a long time.

Mr. and Mrs. J. M. Phillips returned to their home at Middleburg after a week's visit to the latter's parents, Mr. and Mrs. F. M. Coleman.

Mrs. C. E. Morris and children are visiting Mrs. Morris' parents, Mr. and Mrs. J. C. McEwen.

The sawmill owned by Haymans & Brown has been shut down for the past two weeks, but started up again Wednesday.

Court was held here Friday in the depot. John Davis was the defendant and W. W. Brown the plaintiff. The court found John Davis guilty. J. E. Cochran left Tuesday for Baldwin with Davis.

Lee Lowry and Miss Clara Abstein were married at the home of the bride's parents December 28. It was a quiet affair, only the relatives being present.

DR. STROUSE'S FAREWELL.

Was Given a Rousing Farewell Meeting in Newark, N. J.

A recent issue of The Newark (N. J.) Daily Advertiser, in an article which occupied a column and a half, gave an account of the farewell service of Rev. Clarence B. Strouse, who has been assisting in a grand revival in that city for the past three weeks.

Dr. Strouse, as usual, seems to have captured the people of the New Jersey city, with the result that many conversions were made during the series of meetings. The Advertiser states that, at the closing service, there were about sixteen hundred, notwithstanding the holidays and the extremely inclement weather.

At this meeting the pastors of the city presented Dr. Strouse with a handsome loving cup, properly engraved, and The Advertiser states that a purse was made up aggregating \$750 as a token of appreciation for his excellent and effective work.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation, as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

An Amusing Incident.

From Friday's Daily Sun.

There was an amusing marriage ceremony performed in the office of Judge Mason yesterday, when Aaron Grissom and Yankee Robinson took the oath that made them "solid" for the remainder of their natural lives. The bride was attired in a pink skirt, a la Esmoddo, a white shirtwaist and a bridal veil made of some material resembling greatly mosquito netting, which hung in graceful folds about the pink skirt, making a most "striking" combination. The couple attracted a great deal of attention, with the result that the ceremony was largely attended. At the conclusion of the ceremony Judge Mason ordered the usual "salute," which was performed with great dignity and "satisfaction" to the contracting parties and those who witnessed the function.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potteryville, Mich. "They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by all druggists.

JACKSONVILLE, FLA.

CITY NOW HAS A PUBLIC LIBRARY

Twentieth Century Club Turns
Over Many Fine Volumes.

PLACE WILL BE MODERN

It Will Contain Many Valuable and Interesting Volumes and Will be Added to From Time to Time—Librarian Not Yet Selected.

Gainesville now has a public library, thanks to the Twentieth Century Club, which has donated a number of fine books to the enterprise.

The Twentieth Century Club has maintained a fine private library in the Miller Law Exchange for the past year, but realizing that the public should be entitled to the benefits of a library whereby the young people and others who desired could secure access, the club decided a few weeks ago to donate their valuable library to a public cause and so made announcement.

The books were transferred Wednesday to the new quarters, which will hereafter be known as a public city library. Those who desire may visit this library at any time and responsible persons will be permitted to take books therefrom, signing the customary receipt.

The public library will be located on West Liberty street, between West Main and Garden streets, opposite the Presbyterian church, where everyone is welcome. The building will be properly equipped and fitted out in first-class shape and will make a desirable place of its kind.

The people of Gainesville are largely indebted to the Twentieth Century Club for its fine donation of choice volumes. The librarian has not yet been selected.

DELIGHTFUL CARD PARTY.

Mrs. Bodiford and Miss Jessie Bodiford Entertain Their Friends.

The home of Dr. and Mrs. J. S. Bodiford, North Oak avenue, presented a scene of gaiety Wednesday afternoon and evening, the occasion being two progressive whist parties, which have proved the most enjoyable of the season.

In the afternoon Mrs. Bodiford tendered an informal card party to her friends. There were no prizes, but the game was played in a manner which demonstrated enthusiasm and determination and altogether the afternoon was passed in a manner which was thoroughly enjoyed by the guests.

In the evening Miss Jessie Bodiford entertained at progressive whist in honor of Miss Ethel Haynes, a charming young lady of Quincy, who is her guest. There were seven tables and the young folks played the game "with a vengeance," each determined to outdo the other.

The gentleman's prize was awarded to Dr. Devere B. Morris, this gentleman having cut for honors with Messrs. W. M. Dale and B. F. Jordan. The lady's prize was awarded to Miss Meade of Baltimore.

Delicious refreshments were served during the evening.

Marriage at Sanford.

Announcement is made of the marriage of E. Molnar of this city and Miss Eda Takach of Sanford, which occurred recently. The groom is a newcomer to Gainesville, but has made many friends here. He is a chemist, and is in the employ of Dr. H. Herzog, Jr. The bride is a most charming young lady, and will make a valuable acquisition to Gainesville society. Mr. and Mrs. Molnar are comfortably located at Mrs. Melvaine's, 108 N. Arredondo street.

MULLET ON MARKET.

Fishermen Again Permitted to Ship Them to All Points in Country.

The average citizen is again happy, for mullet is on the market.

Several weeks ago, in compliance with the State law passed at the last session of the Legislature, the fishermen engaged on the coast were compelled to cease the shipment of mullet, which worked a great hardship not only on the fishermen, but on the public, as the fish had been a standard of food for a great many people of the moderate class. The law was passed because many in the Legislature realized that this species of the finny tribe was growing scarce and at the rate they were being caught and shipped the supply would soon be exhausted. A bill was introduced and passed providing that no mullet should be shipped from November 15th to January 1st, which gave ample time for spawning.

There is now an abundance of mullet and those accustomed to eating that fish are again happy. The markets have mullet and plenty of them and they are being sold at prices which the people can afford to pay.

Chamberlain's Cough Remedy Absolutely Harmless.

The fault of giving children medicine containing injurious substances is sometimes more disastrous than the disease from which they are suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colds and croup is unsurpassed. For sale by all druggists.

Not as Was Intended.

In the resolutions published in yesterday's Daily and Twice-a-Week Sun, by the W. C. T. U., that part referring to Emerson's bonds should have read as follows:

"That the defendant did appear at court, yet there was no judgment entered against him nor his bondsmen, because of his failure to appear, but the case was dismissed during the absence of the defendant, at the request of the State's Attorney."

The resolutions were printed as handed in to The Sun office, but the ladies desire us to make this correction.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and best remedy for coughs, colds I have ever used." Sold by W. M. Johnson.

Installation of Officers.

At the last meeting of Mount Vernon Lodge No. 20, Knights of Pythias, the following officers were installed for the ensuing term: A. M. Cushman, C. C.; D. M. Tomkies, V. C.; Turner Pound, P.; N. R. Carter, Jr., M. of W.; W. H. Lipscombe, M. at A.; J. G. Torrey, M. of E.; John Robertson, K. of R. & S.; Robert McClellan, M. of F.; Thos. Funk, I. G.; J. A. Phifer, O. G.; Robert E. Davis, J. A. Phifer and R. T. Schafer were selected as representatives to the Grand Lodge, which will convene in Palatka.

Spoiled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at all drug stores.

BROWN DOING WELL.

Man Who Was Accidentally Shot at Newberry is Resting Easily.

Parties arriving from Newberry Thursday report the condition of W. C. Brown, who had the misfortune to be accidentally shot himself at that place a few days ago, as being most favorable, notwithstanding the fact that the wound was a dangerous one and required the most zealous efforts of the medical fraternity to save his life.

It will be remembered that a pistol fell from Mr. Brown's pocket. It was a 44-caliber, and the ball entered his right breast, passing entirely through his body. It was a miraculous escape from instant death, and the friends of the victim are congratulating him that he is alive.

Mr. Brown is well known in his section.

AN IMPORTANT CASE.

Estate of J. C. Newberry and Summers Furniture House in Litigation.

The case of Thos. E. Owens, trustee of the estate of J. C. Newberry, High Springs, vs. the Summers Furniture House of the same place, has occupied the time of the special master, W. E. Baker, for the past two days. The testimony was not concluded Thursday, and the case was postponed until a future date.

The estate of J. C. Newberry charges the fraudulent conveyance of real and personal property by the defendants, the amount involving several hundred dollars.

Carter & Layton are representing the complainant, and Attorney Evans Haile the defendant.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

The Elks Are Growing.

About the most vigorously growing institution in this city is the Elks, the membership of which is increasing at every meeting. Three candidates were initiated into the mysteries of the order on Thursday evening, and about fifteen applications were received. The order is composed of some of the best people of the city, with the result that the meetings prove most enjoyable from a social feature. Gainesville Lodge, which started with less than sixty, has at present more than one hundred active members, all of whom manifest deep interest and enthusiasm.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by W. M. Johnson.

CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin S. S. S. and write for our book and any medical advice without charge.

The Jacksonville Exposition is now before the people of the State. All should attend.

Escambia county will not lease her convicts, but employ them on the roads of that county.

Whether he will be known hereafter as Congressman Longstreet or "Alice Roosevelt's husband" remains to be seen.

McCall is down and out and Alexander Orr will be the new president of the New York Life Insurance Company.

Mayor McClellan says he will not hold office again, but he may be asked to take the Democratic nomination for President.

Hon. A. S. Mann, says The Ocala Banner, has done more to build good roads throughout the country than any other one person.

A Kentuckian says he will walk to Washington if elected to Congress rather than ride on a pass. He is probably afraid of the cars.

Within the past few weeks there has been an increase in the output of lumber in Florida, while the prices are gradually soaring upward.

"Fighting Bob" Evans has been at last discovered, and will be advanced to the rank of vice-admiral, a new place next to Admiral Dewey.

A Marion county statesman writes to The Ocala Banner to know "who is boss," as he wants to "declare himself" a candidate for a county office. Some time ago there was no one able to tell "who was boss."

Howard, who was convicted three times for the Goebel murder in Kentucky, will have to serve his sentence, as the United States Supreme Court has sustained the decision of the highest tribunal in Kentucky.

It is said that John A. McCall is a poor man. If he is, he certainly is a poor man to be president of a big life insurance company. But it looks as though he had given his wages to his wife every Saturday night, as she will pay up his bills.

Inventor Holland should hurry up those \$10 flying outfits. We would like to close a contract for a set and pay "part cash" and the balance in advertising, as our winter vacation is about due and the railroads are a little slow on issuing passes.

Admiral Rojestrensky (we haven't used the name in such a long time there may be a few wrong letters in it) says that the English fleet stood ready to sink his outfit in the Sea of Japan naval engagement, in case Admiral Togo failed. But Togo didn't fail.

The resignation of United States Senator Chauncey M. Depew by the New York Assembly has been asked for through a resolution introduced in that body Wednesday. His Equitable relations have been too much for even the New York legislators to endure. What a deplorable state of affairs!

THE SOUTH IN 1905.

The record of the year 1905 in the establishing of new industries throughout the South as reported to The Tradesman, Chattanooga, Tenn., shows the high water mark of Southern industrial progress.

The record of the year is embraced in the following figures for each quarter:

First quarter 1,645
Second quarter 1,635
Third quarter 1,548
Fourth quarter 1,414

Total for year 1905 6,170

Total for year 1904 5,566

Increase over 1904 574

New industries by States:
Alabama 450
Arkansas 372
Florida 170
Georgia 383
Indian Territory 149
Kentucky 316
Louisiana 278
Mississippi 317
North Carolina 545
South Carolina 306
Tennessee 601
Oklahoma 575
Texas 601
Virginia 384
West Virginia 432

Total 6,170

From the foregoing it will be seen that Texas leads with 601 new industries, Tennessee next with 601 and Oklahoma third with 575, which is a most remarkable showing.

Of the various industries established, woodworking plants number 1,567, mines and quarries come next with 519, and electric light and power plants third with 329.

In the matter of diversification the list covers the widest possible range and embraces practically all lines of manufacturing.

In amount of capital invested, so far as this could be gathered, it will be a matter of general surprise that Oklahoma leads all other States, including Texas with its large preponderance of numbers, by several million dollars.

LAKE CITY BECOMES FRANTIC.

Notwithstanding the fact that the Supreme Court has passed upon and decided the absolute constitutionality of the Buckman bill, which has satisfied nearly every one of the opponents of that measure, it seems that Lake City is still defiant and if the press of that city reflects the sentiment of the place, the citizens of Lake City propose to resort to questionable means to delay the college at Gainesville.

The last issue of The Lake City Citizen-Reporter, in a reckless tirade on this subject, makes the threat "the people of Lake City are determined to hold the State Agricultural College. . . . the Buckman bill and the recent decision to the contrary notwithstanding," adding also that "the decision does not prevent further litigation. Injunctions or other processes of law can be instituted and prosecuted in the State courts and can be carried to the United States Supreme Court, as there is a Federal question involved."

Surely the people of Lake City are letting their temper run riot with their good judgment if they propose to raise the matter of race discrimination to further their personal spite in this matter.

Section 14 of the Buckman bill makes this discrimination, but we feel sure that if the matter were carried to the Supreme Court of the United States it would refuse to interfere.

What then would Lake City be benefited by such proceedings except to embarrass and delay the Board of Control in carrying out its plans?

If the citizens of that place are back of this movement and are in earnest, as this paper states, they will find that they will receive the righteous denunciation of the people of Florida—indeed they will invoke an indignation that will appall them. Come to your sober senses at once and let this matter rest before you lower yourselves deeply in the normal estimation of the people of your State.—The Florida Star.

GRIP AND COLDS.

There are many people who suffer from the grip and ordinary colds because they will not call the doctor when they are first attacked, thinking they can cure themselves. There are many causes for grip and colds, and on this subject The Chicago Tribune speaks as follows: "It is the experience of many that the harder they strive to avoid a cold the surer they are to catch it. This is because they do not employ the right safeguards. That is because they don't understand the nature of their enemy. It is now generally recognized by physicians that a cold is an infectious disease. It

is caused by certain microbes getting into and irritating the mucous membrane of the respiratory tract. There are little processes called cilia, whose duty it is to drive out the microbes that get into the mucous membrane. They may fail to do this because their work is interfered with by moist air or by the individual going suddenly from a hot to a cold atmosphere, or being weary, hungry, or debilitated. They may also fail in their task because one goes into an ill-ventilated, ill-lighted and over-crowded place, such as a dance hall, a street car, a church, or a theater swarming with microbes."

DEATH WARRANTS ISSUED.

Governor Broward has issued death warrants for four murderers, all to be executed on the ninth day of February, 1906. They are Howard Sanford, a white man convicted in Wakulla county at the fall term of the circuit court of murder in the first degree and sentenced to be hung.

Noble Collins, convicted at the fall term of the circuit court, Lake county, and sentenced to be hung for the murder of Julia Sharp.

Andrew Jackson, alias Sam Jackson, convicted at the fall term of the circuit court, St. Johns county, for the murder of Alice Jackson.

Robert Ford, convicted in the fall term of the circuit court of Nassau county for the murder of George Williams.

All are negroes except Howard Sanford.—Tallahassee Daily Capital.

"MASHERS" MASHED.

The police of Washington are after the "mashers" and "curbstone Johnnies" that infest the capital, and they will receive jail sentences. There should be a general shaking-up of this gentry in every city, and it might be well to give some of the females who are parading the streets a greater portion of the time a little lesson to remember. While many of these chaps are out only to make minnies of such silly girls, they might have their time better occupied.

But there is no law to compel a girl to pay any attention to their advances, and a sensible girl will not do so. It is seldom a young lady is molested if she attends to her own affairs when going along the street. Even the fellows who are out for a "mash" don't never tackle any only those who are thought to be plastic.

KEEP TO THE RIGHT PATH.

There are many ways to walk in this world, owing to the different views of different people we meet as we journey along the stream of Time.

In nearly every walk in life we meet with obstacles and are jostled by the maddening crowd that is moving in an opposite direction from the one in which we are traveling.

You may be urged by some people to turn from the straight and narrow path you are faithfully clinging to, which will ultimately carry you to your journey's end in safety, by one who may try to allure you from what you honestly believe is safest and best.

You must have a mind of your own and not be led either way by any one. There is only one way—keep to the right and look where you are going.

REAL ESTATE DEALERS.

The real estate dealers of the State of Florida are a busy lot of men, and they are making more of a stir at the present time than ever before. And this condition is brought about on account of the frequent inquiries from outside parties who are anxious to come to Florida to locate.

There is never a week passes without an inquiry coming to The Sun office regarding property here and the chances for a location in some sort of business. Many of these letters are turned over to real estate men, while in answer to others a marked copy of The Sun containing the advertisements of our real estate dealers are sent them.

If you have real estate to sell, list it with one of these live dealers and you get the benefit of their advertisement.

Governor Vardaman of Mississippi, in his annual message to the Legislature, speaks very disparagingly of the negroes of that State and says that they seem to become more debased the more educated they become. The Georgia negroes who were lured to Liberia by the eloquent oratory of Bishop Turner are also returning, sick and disgusted with the prospect there, and it looks as though some other good man will be called on to solve the negro problem.

Ripe strawberries and peach trees in blossom on New Year's day. How is that for climate?

Guess it must have been a four-flush that Witte held at Portsmouth. But his bluff don't seem to work so well with the boys who know him.

The Arcadia News has entered a protest against carnivals. A little cleansing by fire has done The News good. They are a poor consolation for any one who enjoys wholesome amusement.

We don't expect all the wealthy people of the North to come to Florida during the winter. We want some of them to remain at home to buy some of those fine strawberries that are being shipped there daily.

The Pensacola Journal has been having a heart-to-heart talk with the business men of that city, and shows up the expense of running a daily paper, and concludes by informing them that advertising rates will be raised 50 percent. That seems like a very good one, but it is not the price of advertising that the business man should most consider. It is what it is worth.

GIVE THEM ROPE.

The Buckman bill has been declared constitutional, as every good Floridian hoped it would, and yet The Lake City Reporter says that the fight is just begun and that Lake City will keep up the contention for the State University.

It is a pity that some people do not recognize the time to stop, even when it is as plain as the nose on your face, but give a fool enough rope and he will hang himself.—The Dunnellon Advocate.

There is one thing certain about the welcome you receive in Gainesville, no matter whether you come from Maine, California or Kalamazoo: If you behave yourself and are decent, you receive a hearty welcome. You don't need a title, a barrel of money or rich relatives. If you behave yourself, you are always welcome in Gainesville. "There are lots of mighty good people in this city," said a man the other day who had been in Gainesville about six months. And he was a man who has been around the country considerable.

The farmers of Gadsden county are the right sort. They are into the tobacco business for money, and by producing a good quality, have no trouble in disposing of their crops. A reputation for the best article grown has been established, and they have the confidence of the tobacco manufacturers to such an extent that the crop for 1906 has already been sold at a good figure.

ROAD IN BAD SHAPE.

Gainesville-Hawthorn Clay Road is in Need of Repairs.

Parties coming to this city and having occasion to use the Gainesville-Hawthorn clay road, bring information that the road is in a dilapidated condition, and is growing more dilapidated every day.

This road was constructed a little less than two years ago, and has proved a great convenience to the public. If rumors are correct, the county commissioners would do well to look after the thoroughfare before it reaches a point beyond repair.

Osceola county is so well pleased with the showing made at the State Fair at Tampa that the county commissioners will make an appropriation in June for the next one. The other counties of the State that did so well at the last fair will also be in line, and we hope to see Alachua in her place—first—next winter.

Jakie Schiff is trying to bring on a panic by demanding a more elastic currency. If the currency could be stretched so that a dollar could be drawn out to a dollar and a half, when the demand for full value came there would be something doing.

It is stated that war is possible between Germany and France, because the former has ordered two hundred box-cars. If they do open up a war perhaps it will be as well to go for the French in car lots.

The feudists of Breathitt county, Ky., have completely run out of all sorts of feuds, and will give a grand ball in the hope of getting another started before the tracking snow is all gone.

While some are of the opinion that Senator LaFollette of Wisconsin will get snubbed, he will show them that he expects it from some source. It only makes him fight the harder.

When the knocker commences to knock, just walk away from him and let him knock the atmosphere, and he will suspicion that his melancholy tale is not appreciated.

That the bond of Roy C. Brown as notary public, with J. L. Brown and S. F. Waits as sureties, be approved.

That the following fees in criminal cases be paid: G. M. Colman, \$38.90;

BIG SHIPMENT OF SEA ISLAND COTTON

Six Hundred Bales, Fifteen Solid Cars, From Santa Fe.

BOUGHT BY A GEORGIA FIRM

Price Was Extremely Low; It Is Assorted Less Than Cost of Production—Farmers Busy Preparing Crops—Notes of Interest.

Santa Fe, Jan. 6.—The Christmas holidays are over and the farmers are busy preparing for the next crop. The outlook is indeed gloomy, owing to the scarcity of farm labor and the low price of cotton. Farm labor is at a premium here owing to the determination of the negroes to quit working on the farm and go to public work.

One would conclude that the Santa Fe section is on the map as a cotton producing section if they could have seen the amount of the fleecy staple that is being shipped from this station this week. Fifteen solid carloads is the amount that has gone forward, containing about six hundred bales. The cotton was bought by the Brantley Company of Blackshear, Ga., at a price which is considered below the price of production by the farmers. There is but little cotton left in this section now.

Messrs. A. R. Harper and Morrison, the genial music agents of the University City, have been circulating among the people here this week. They had the pleasure while here of placing one of their fine pianos in the home of D. B. Pope, and also in the home of Mr. and Mrs. W. M. Blitch.

Deputy Sheriff Grainger paid our burg a visit yesterday. He was on official business.

Mrs. J. J. Godwin and children, who have been spending Christmas with her parents, Mr. and Mrs. W. M. Blitch, returned to her home at Rex Wednesday.

The public school is getting along nicely under the efficient management of Prof. J. R. Durranee.

W. B. Holder of Citronelle was visiting relatives here last week. Come again, Bloxham.

Grandpapa Futch is suffering with cold and catarrh. He was taken sick on the night of the 4th inst. His condition is not serious.

Hon. T. A. Duke is busily engaged making up his cane crop this week. He says he is late but "getting there" just the same.

IN BONNIE MELORE.

That Lively Burg Is Enjoying a Season of Social Festivities.

Melrose, Jan. 6.—Mrs. E. M. King entertained sixteen of her friends at dinner at the Bay View House on New Year's night. The table made quite a picture with a profusion of "Cloilde Souper" roses scattered over it, and the figures 1906 artistically done in camphor leaves running down the center. The eight-course dinner was most daintily served and excellently cooked, doing the hostess and Mrs. Laughlin great credit.

At the town election held on January 2nd the following officers were elected: H. von Noszky, mayor; A. A. McRae, O. C. Husband, L. M. Baldwin, councilmen; N. E. Priest, clerk; S. Coward, collector; T. A. Birt, marshal. The town council held a special meeting on January 3rd to canvass the vote with the above result.

The next meeting of the L. L. and D. Society will be on January 12th. Mrs. Caldwell's paper being "What Is Your Aim in Life?"

Mr. and Mrs. H. Tolles of Ansonia, Conn., have arrived, and are occupying their Oakhurst cottage.

Mr. and Mrs. Geo. Keeler of Chester, Conn., are among the new arrivals.

The Melrose Reading Club had its first meeting of the season on Wednesday afternoon. It will meet hereafter every Wednesday afternoon.

Albert Moore of Leesburg is a visitor in town, also C. C. Davis of Norwalk, Ohio, and Geo. Clevis of Cordele, Ga.

The farm formerly occupied by the Merryman family has been sold to John Cone of Palatka, who is busy moving his belongings here.

Mrs. A. A. McRae left Tuesday for a two-weeks' visit to friends at Alachua.

WILL BUILD A SPUR.

Seaboard Air Line Will Run Trains Into University Grounds.

E. E. H. Ludlow of Jacksonville, civil engineer for the Seaboard Air Line railroad, has been in the city for the past two days on official business.

The Seaboard will handle a great deal of the material to be used in the construction of the magnificent University buildings, and the volume of traffic is expected to be tremendous during this time.

Mr. Ludlow came for the purpose of surveying and arranging for a spur from the main line into the University grounds, and all material will be "dumped" immediately at the site.

Frank Richardson of Jacksonville, vice-president of the W. T. Hadlow Company, the contractors, left Saturday morning for home, after having spent three or four days here making preliminary arrangements, assisting Engineer Cox of the University in staking off the site, etc. Mr. Richardson expects to remain in Jacksonville until the middle of the coming week, and on Tuesday will be present at the meeting of the Board of Control, which will be held in that city.

The roads are so bad in some parts of Hillsborough county that the people take to the woods to keep out of the ruts.

James Will an s, a Tampa negro, refused to give his own child a decent burial and he will be prosecuted.

BUILDING ACTIVE IN GAINESVILLE

Many New Buildings Erected and
Others Under Way.

THE GROWTH IS MARVELOUS

No City in the State Has Enjoyed More
Steady Increase for Past Two Years,
and Contractors are Still Busy—The
University Buildings.

The activity in building in Gainesville and suburbs, instead of abating, is inclined to be on the increase, and never in the history of the city has there been such general activity along these lines as within the past two years. This fact goes as strongest evidence of the confidence our citizens have in the future of the city. A great many people from other sections of the United States have also come to make their home here, have purchased property, and in many instances have erected or are about to erect handsome homes.

The establishment of the Florida Winter Bible Conference and the Gainesville Chautauque here was the first active step which started this boom. Again, the schools are among the best in the country, and Gainesville enjoys a reputation throughout the United States as being one of the most refined and cultured cities in the South. The presence of the Bible Conference and Chautauque has proven a big thing, as it has attracted hundreds of people here who would probably have never come had it not been for this attraction.

The selection of this city by the Board of Control and the State Educational Board as the seat for the new University of Florida also had a tendency to increase the confidence of the people, and the recent decision of the Supreme Court, which has held that the Buckman bill is constitutional, assures the public that the buildings will actually be erected here, and that Gainesville will in fact be the University City. The contractors and engineers are now here laying off the grounds, and Frank Richardson, representing W. T. Hadlow Company, contractors, asserts positively that work upon the buildings will begin as soon as material can be delivered, which will be within the next three weeks. The two buildings to be erected at the beginning will cost about \$75,000, and their construction will give employment to a large force of men during the summer.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Corn Walker of Porterville, Cal. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

In Its New Home.

Athens, Ga., Jan. 5.—The Athens postoffice is in its new quarters. The new postoffice building is as convenient a place as is to be found in the South. Postmaster Fleming will in a few days have everything in great shape at the new building, and the people here will be given such a service as they have long deserved.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

RUN DOWN BY BIKE.

Wm. Adams Had Painful Experience
on the Street Friday Noon.

Wm. Adams, a progressive farmer and stockman of Windsor, who was transacting business in the city Friday, had an experience with a bicycle which he will remember for some time, as he sustained bruises from which he will not soon recover.

Mr. Adams was standing at the corner of Union and West Main streets, on the sidewalk, when a white boy riding a wheel, ran into him. He was knocked down, the boy also being thrown, but as soon as possible the rider mounted his wheel and rode away, leaving his victim to the care of friends.

There is a law against the riding of bicycles on sidewalks, especially about or in close proximity to the square, and Mr. Adams states positively that this boy was "spitting the sidewalk open." "I had my back to the rider when the wheel struck me," he said, "and was naturally thrown. The fall was severe enough to almost dislocate my knee, and if I can find out who the rider was I am going to get some kind of satisfaction."

Mr. Adams says it hurts to be run over by a bicycle.

Raisin Crop Marketed.

San Francisco, Jan. 5.—The entire raisin crop in the hands of the California Raisin Growers' company, has been sold to packers on a three-cent basis. By the concluding of this sale is ended a season of unrest in the raisin business. At the beginning of the season a combination was formed between the growers' company and several packers. The price was set too high and the result was that the growers in the company were unable to market their raisins.

Affirms Judgment of \$5,000.

New York, Jan. 5.—Edward L. Harper, once vice president of the Fidelity National bank, of Cincinnati, which he was accused of wrecking in trying to corner the wheat with Eugene Zimmerman and other capitalists, will appear before Judge Cox in the United States circuit court in the suit of the receiver of the defunct institution to have affirmed a judgment against him of \$5,000,000. The judgment is now 18 years old.

A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." J. W. McCollum & Co.

Almost instantly, and leave no bad effects. They also relieve every other pain, Neuralgia, Rheumatic Pain, Sciatica, Backache, Stomach ache, Ague Pains, Pains from injury, Bearing-down pains, Indigestion, Dizziness, Nervousness and Sleeplessness.

All Pain is

Nerve Pain

Pain is sure to follow any strain or weakening influence upon the nerves. It may be caused by over-exertion, heat, intense mental effort, cold, indigestion, or any cause that depresses, excites or agitates the nerves. So sensitive are they that the least pressure or strain causes suffering. By soothing, strengthening and quieting the nerves, Dr. Miles' Anti-Pain Pills relieve the pain.

They are sold by druggists, 25c a box, under a guarantee that the first box will benefit, or money refunded. - Never sold in bulk.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble presses upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness, soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine soaks the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ing from 70 to 240. They now have a church building costing \$20,000 and a minister who is paid \$1,200 a year, who earns twice that amount.

The seed companies of H. G. Hastings & Co. and the Alexander Company, who have their catalogues printed at The Record office in St. Augustine, will make an additional weight of 70,000 pounds for the post-office to handle this week.

Murray Canning, the twelve-year-old son of R. D. Canning of Tampa, was instantly killed Tuesday afternoon. He was looking down the barrel of a shotgun when the gun was accidentally discharged. The entire load struck the boy in the face, tearing away a large portion of his head.

Lakeland was visited by a destructive fire on Tuesday morning. L. W. Cowdrey's large building, besides several smaller ones, were destroyed. T. J. McKnight, grocer; L. L. Johns, butcher; Arnold Armistead, tannery, and Miss M. Turner, cottage, were the losers. There was partial insurance.

Pensacola's export and import trade during the past year showed up decidedly well when the figures were given out at the custom house. The exports during the period were valued at over \$18,000,000, while the imports had a valuation of nearly half a million dollars, making the business of the port better than it has been in the history of the city.

In the matter of the Espanola Lumber Company, bankrupt, in the United States District Court of Jacksonville, Tuesday, the hearing of the appeal of the East Florida Savings Company from the rulings of the referee was continued. In the matter of C. Bevil, bankrupt, the issues therein were submitted on briefs to Judge James W. Locke.

Two Killed in a Wreck.

Greenville, S. C., Jan. 5.—A through freight on the Southern railroad was wrecked near Fair Forest, S. C., at 11 o'clock Wednesday morning. The engine left the track, turned over, and the cars piled on top of one another. Engineer J. A. Lucas, of Greenville, and a negro fireman were killed. Others of the crew were fatally injured. Trains from the north were detained via Columbia, S. C., delaying them from six to seven hours. A wash out apparently caused the wreck.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this. It gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

DEATH OF MR. LYNN.

Former Citizen of Gainesville Passed Away in Tennessee Wednesday.

Information has reached this city of the death of Charles S. Lynn, formerly of this city, which occurred at his home in Corington, Tenn., Wednesday evening of the present week.

Deceased was about twenty-eight years of age. He was for some time employed by S. J. Thomas, and made many friends during his residence here who will regret exceedingly to learn of his death, and will sympathize with his devoted wife, who survives him.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.

Acid Burns Not Disclosed.

St. Louis, Jan. 5.—Examination of the body at the morgue today of Jas. A. Murphy, brother of Jeremiah Murphy, wealthy pork packer, found under a tree in Forest park yesterday did not disclose any carbolic acid burns, although a bottle of the poison was found in his pocket. It was stated today by Jeremiah Murphy, Jr., that since being injured in a street car accident several years ago that his uncle had found it necessary to take strychnine to relieve pain, and presumably took an overdose.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by W. M. Johnson.
